Standards of conduct

Behavioural practices to follow

In relation to children

- Be a positive role model at all times.
- Always speak in an encouraging and positive manner.
- Listen actively to children and offer empathy, support and guidance where needed.
- Regard all children equally and with respect and dignity.
- Physical contact with children other than your own should be avoided unless directed by staff or if the safety of a child is compromised (this should be reported immediately to staff).
- Inform children if physical contact is required for an activity and ask them if they are happy to proceed.
- All interactions with children should be undertaken in full view of other adults.
- Never do things of a personal nature for a child that they can do themselves; for example, helping them go to the toilet or changing their clothes.
- Respect the confidential nature of information gained, or behaviour observed, while participating in the program, in relation to other children and adults.

In relation to other adults (including staff)

- Use courteous, respectful, encouraging and accepting verbal and nonverbal language.
- Refrain from the use of profane, insulting, harassing, aggressive or otherwise offensive language.
- Respect the rights of others as individuals.
- Give encouraging and constructive feedback rather than negative criticism.
- Accept staff decisions and follow their directions at all times. Speak with the staff member if you have a problem complying with any directions.
- Be aware of routines and guidelines for children's play within the service, abide by them and seek advice when unsure.
- Be aware of emergency evacuation procedures.
- Accept that discipline of children is the responsibility of staff and therefore any matters or concerns related to managing children's behaviour should be referred to staff immediately.
- Avoid approaching staff to discuss a child during a session. Seek an alternative time when staff are free from contact duties with children.
- Refrain from public criticism of children and adults within the service
- Raise any issues or grievances as outlined in the Complaints and grievances policy.
- Under NO circumstance should a child, parent(s)/guardian(s) or member(s) of staff be approached directly in a confrontational manner.
- Smoking is prohibited at all preschool venues.

In general

- The service and staff are responsible for the children who are enrolled and signed in; that is, those children attending the children's program.
- Adults are responsible for all children who accompany them—for example, while on duty and at drop off and pickup times—ensuring they do not inhibit or disrupt the program in any way.
- Parents/guardians must clean up after their children or following meetings and activities that are not part of the program, such as a working bee, and leave all areas as they were found.
- Staff may ask parents/guardians to remove children not enrolled and signed into the program if they are disturbing the program.
- Parents/guardians will also be responsible for children's behaviour when attending other activities and the child is not signed into the program, such as working bees and family nights.

Procedures for dealing with a breach in the code of conduct

On notification of a breach of the code the committee will activate the Complaints and Grievances policy. The complaints subcommittee will recommend a course of action to the committee that may include but is not limited to:

- Issuing a first and final warning letter, or meeting to inform the relevant person/s of the outcome of the investigation and that another breach of the code of conduct will not be tolerated
- Seeking an intervention order (via the legal system) against the relevant person.
- Success in obtaining a restraining order may prevent this person from attending the service either to deliver or collect children or to participate in the program (refer to Attachment 3, 'Code of conduct acknowledgement')
- Withdrawing or suspending a child's place in the program due to the parents'/guardians' serious breach of the code of conduct. This action will only be taken if no other alternatives are deemed appropriate by the subcommittee/committee.

Emergency situations

In an emergency situation, where it is believed that staff, children or parents/guardians are at immediate risk (for example, violence has been threatened or perpetrated), the staff members and/or committee involved need to be able to act quickly and decisively. The committee, the primary nominee and all nominees are authorised to contact the local police to advise them of the current situation.

The executive committee is the delegated authority to determine suitable actions in these situations, which may include but are not be limited to:

- Suspending the relevant person/s from attending the service until the committee has investigated and decided on an appropriate course of action. If required, notify the parents/guardians that alternate arrangements will need to be organised for the delivery and collection of their child to ensure that the suspended person does not attend the centre
- Suspending a child's place in the program due to the suspended person still attending the centre after they have been advised not to
- Applying immediately for an intervention order (via the legal system).

Hunter Mobile Preschool

Nutrition Policy

Date: May 2011

Rationale:

Rationale: Hunter Mobile Preschool is an educational facility catering for children aged between three and six years. As part of its obligation under the Children Services Regulation 2010 and The Education and Care services National Law and the Education and Care Services National Regulations 2011, services must develop a policy that is consistent with the Dietary Guide For Children (Caring for Children, Fun Activities 3rd or 4thEd.)

Research indicates that 25% of boys and 23% of girls are overweight or obese. Overweight and obesity in children is generally linked to lack of physical activity and or unhealthy eating habits, genetic makeup and lifestyle are also contributory factors.

There is also a moral obligation under the Early Childhood Code of Ethics and the United Nations Convention on the Rights of the Child to ensure that the children attending Hunter Mobile Preschool are given the best possible start in life, this includes implementing an educational program relating to nutrition and physical activity because all children have a right to good health.

NSW Health data states that by age five, forty % of children have untreated tooth decay. This is attributed to foods and drinks high in sugar.

Procedure:

Hunter Mobile Preschool will ensure that all foods and drinks consumed during operational hours meet the dietary guidelines for children. This means that foods and drinks will be low in sugar, fat and salt. Hunter Mobile Preschool will use the “Good for Kids Good For Life” Manual when interpreting amounts of fat, salt and sugar in foods. (Please see attached guide.) Water only will be offered as a drink and be freely available for all children throughout the day.

When unacceptable foods are sent to preschool for consumption by an enrolled child the following procedure will be followed:

- The food will be removed from the child’s lunch box, placed in a zip lock bag and placed back in the child’s bag..
- Staff will indicate on the bag which part of the dietary guide that the food does not meet.
- The staff will encourage the child to eat the healthier option in their lunchbox.
- The staff will offer the parent literature and/ or advice on healthier food options.
- Children with allergies will be offered replacement food after checking their enrolment / medical status. If food is not available to meet their dietary needs the parent will be contacted and requested to deliver appropriate food to the venue.

The following Nutrition guide will be used to determine this:

Good for Kids. Good for Life considers a packaged food is lower in fat, sodium and sugar if it contains:

- **Less than 10 grams of fat per 100g, and less than 5 grams of saturated fat per 100g.**
- **Less than 15 grams of sugar per 100g (or less than 7.5 grams per 100g if a drink)**
- **Less than 600mg of sodium per 100g (or less than 300mg per 100g if a drink).**

Children's Services Regulation 2010 states:
