Winter is Coming

As we head into the Cold & Flu season, we would like to remind families of what the children are taught at preschool to try and reduce the spread of the winter germs.

Remember: cover your cough and sneeze to stop the spread of germs

The correct way to prevent the spread of germs that are carried in droplets is by coughing or sneezing into your inner elbow, or by using a tissue to cover your mouth and nose. Put all tissues in the rubbish bin straight away, and clean your hands with either soap and water or an alcohol-based rub.
